####

		<u>Estimated Costs</u>	<u>Estimated Annual Savings</u>	<u>Payback</u>
Total installed cost	<i>Before rebate</i>	\$ 46,258.39	\$ 43,833.16	1.1 years
LodgingSavers rebate		\$ 43,332.90		
Your final cost	<i>After rebate</i>	\$ 2,925.49	\$ 43,833.16	0.1 years

→ Rebate equals 93.6% of installed cost.

All costs including installation and labor.

Estimated length of time it will take to recoup your outlay through energy savings.

Proposed Equipment Detail

Quantity	Measure	<u>Installed Cost</u>	<u>Estimated Annual Savings</u>
4	Lighting Retrofit	\$ 14,627.44	\$ 24,017.71
119	Vending Controls	\$ 827.13	\$ 902.72
119	Faucet Aerators	\$ 1,008.61	\$ 719.59
119	Efficient Showerheads	\$ 1,525.50	\$ 959.14
100	HVAC Controllers	\$ 28,269.72	\$ 17,234.00

The portion of your project's cost that you are responsible for.

The energy savings that you could benefit from annually.

COSTS & REBATE SHOWN ABOVE ARE VALID FOR 14 DAYS FROM PRESENTATION.

* Note - Savings are estimated based on the hours of operations described to your auditor and an energy rate of approximately \$1.00/therm, \$0.14/kwh, and \$7.88/kw. Depending on actual usage and electric utility rate changes, your savings may vary. The savings indicated are NOT guaranteed. Construction costs may vary slightly due to quantity changes and unforeseen circumstances.

ENERGY IMPACTS: This project is anticipated to reduce energy consumption by approximately 297334 kWh, 91.763 kW and 1679 therms annually.

ENVIRONMENTAL IMPACTS: These upgrades are expected to reduce Carbon Dioxide (CO2) emissions by approximately 327067.4 lbs. per year.

The positive impact that your LodgingSavers project could have on the environment.
